PROFILE

A professional and self-motivated Front-end Developer with years of experience and passion for learning about the latest web technologies. Work great in a team and solo, love challenges and effectively use excellent communication skills with both - people and computers. Highly creative, easily adaptable, attentive to detail with experience of living abroad and speaking several languages and unique skills in cross-cultural collaboration. Dream of working in an Agile environment at a mission-driven organization and building projects.

EMPLOYMENT HISTORY

Jan 2022 — Present

Frontend Developer, Self-employed

Vancouver

A Self-employee Front-end developer who love & care about his job. My job is to build websites with design & development skills, find bugs and fix coding problems, also maintaining existing projects.

Below I will share with you the links of couple projects.

see my portfolio for more projects.

Online-Beauty-Store website- [Github](#) | [Demo](#) | [React website](#)

- Fully operating multi pages react website with UI part included as loading, alerts, modal window etc.
- The projects includes Routes & Link to navigate from one page to another

Recipes API project - [Github](#) | [Demo](#) | Web app written in ReactJS and AJAX

- Added a search function to help find the recipe easier
- Used React hooks, Routes for navigation and an external API
